A dietician was giving a presentation. "There are definitely some foods that should be consumed in moderation. Red meat is high in fat. Soft drinks are full of sugar. But can anyone tell me what food causes the most grief and suffering for years after eating it?" A 75-year-old man seated in the front row stood up and said, "Wedding cake!"

A man stopped to help a woman with a flat tire on her car. As he got started, she said to him "Please do it as quietly as possible. My husband is asleep in the backseat."

Two elderly ladies were discussing the upcoming dance at the country club. "We're supposed to wear something that matches our husband's hair, so I'm wearing black," said Mrs. Smith. "Oh my," said Mrs. Jones. "I'd better not go."
